I, (name) \_\_\_\_\_ am entering an agreement with Darrell Hall for taxidermy services on this (animal) \_\_\_\_\_. In this agreement I understand that "Darrell Hall" refers to himself and any of his family or agents and that "I" refers to myself or anyone representing me as the customer. I state that this animal was harvested legally in the state and or county that it was taken. I also state that all legal methods of transfer have been done to this point of transfer to Darrell Hall. This (animal) \_\_\_\_\_ also known in this document as specimen and/or wildlife resource is in the following condition when delivered to Darrell Hall (circle all that apply) frozen, whole, frozen head in, caped, salt dries, air dried. I understand that upon inspection by Darrell Hall additional charges will be applied to the quoted price for the following: cut throats, excessive freezer burn (to the extent that it can not be rehydrated) or other reasons deemed necessary by Darrell Hall. Darrell Hall agrees that none of these charges will be applied until I am contacted either by phone and/or mail. I understand that Darrell Hall is not liable for the damage and/or condition of my specimen caused by myself or any one representing me and/or my outfitter. I understand that at any time during the taxidermy process that Darrell Hall may discontinue work on my specimen if he feels that the project was mis handled prior to delivery to him. I understand that upon such findings I will be notified and given the option to come and pick up specimen and/or a replacement specimen or part (if legal) may be obtained at my expense. I understand that in the event I choose to pick up the specimen my deposit may be forfeited to cover expenses to that point. I understand that additional charges may be applied if appropriate to cover costs. I understand that prior to any work beginning a 50% deposit has to be paid to Darrell Hall. allows him to. I understand that the estimated time for this specimen project has been quoted by Darrell Hall is \_\_\_\_\_ days. I understand that this is a good faith estimate and is in no way a guarantee of my specimen being complete in that time.
